THE HAND PROTECTION SPECIALISTS

## TG6500

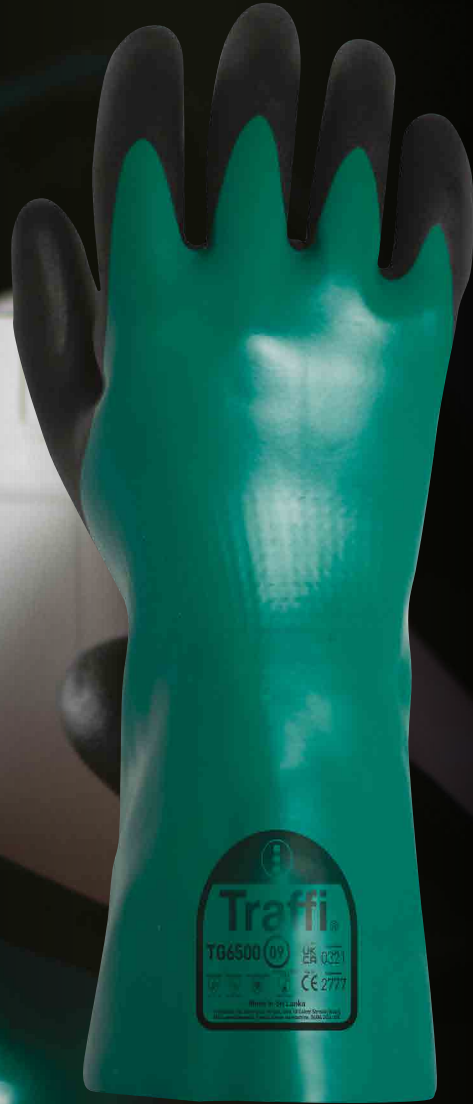

The TG6500 is a high cut level glove designed to protect against chemicals and solvent handling. It is fully water proof with an anti-slip coating. This ensures the glove has the best fit, feel and comfort with high durability.

### Key Features

- Cut level D protection
- Uses a unique blended compound combining good fit and strength with great permeation protection
- Protective glove to EN374-3
- Double coated for extended wear life
- Oil resistant with extra chemical protection

### Ideal for

- Protection from chemicals
- Wet conditions
- Construction
- Agriculture
- Dipping process
