PROTECTION & COMFORT

METAL-FREE, COMFORT & CONVENIENCE

BX-AL300 BLACK WATERPROOF RIPTEK HIKER BOOT WITH DIAL LACE

COMFORT PADDED TONGUE
Adds a layer of cushioning that improves the feel of the shoe against the foot

DIAL LACE SYSTEM
Dial Lace System means shoes can be quickly taken on and off.

ELECTROSTATIC DISCHARGE (ESD)
Prevents the build-up of static electricity in the wearer's body, which could otherwise discharge suddenly and damage sensitive electronic components

WIDER FIT
Designed for ultimate comfort to prevent fatigue.

HARD-WEARING DUAL DENSITY EVA/RUBBER SOLE
Slip Resistant to the SR rating, antistatic, fuel and oil resistant. Dual density, shock absorbent

200 JOULES COMPOSITE TOE CAP
This composite material absorbs impact, protecting the wearer better than steel, which can dent inwards on impact. Lighter weight than steel. Better insulation
